This is an interactive workshop that will assist participants in developing skills

in delivering a protective behaviours program

The SAFE book Series is a free resource that will be made available only to organisations attending this workshop

Participants will learn about:

- learning outcomes which link to the child safe personal safety messages
- practical hints, tips and tools to make the personal safety messages resonate with children
- points of discussion for engaging children
- ready-made activities for children to complete and better understand how the content of the books relates to them.

This workshop is supported by Community Industry Group & Big Fat Smile.
